

Graphs for Amita's paper - with data from U Laval

Karen Cristine Goncalves dos Santos

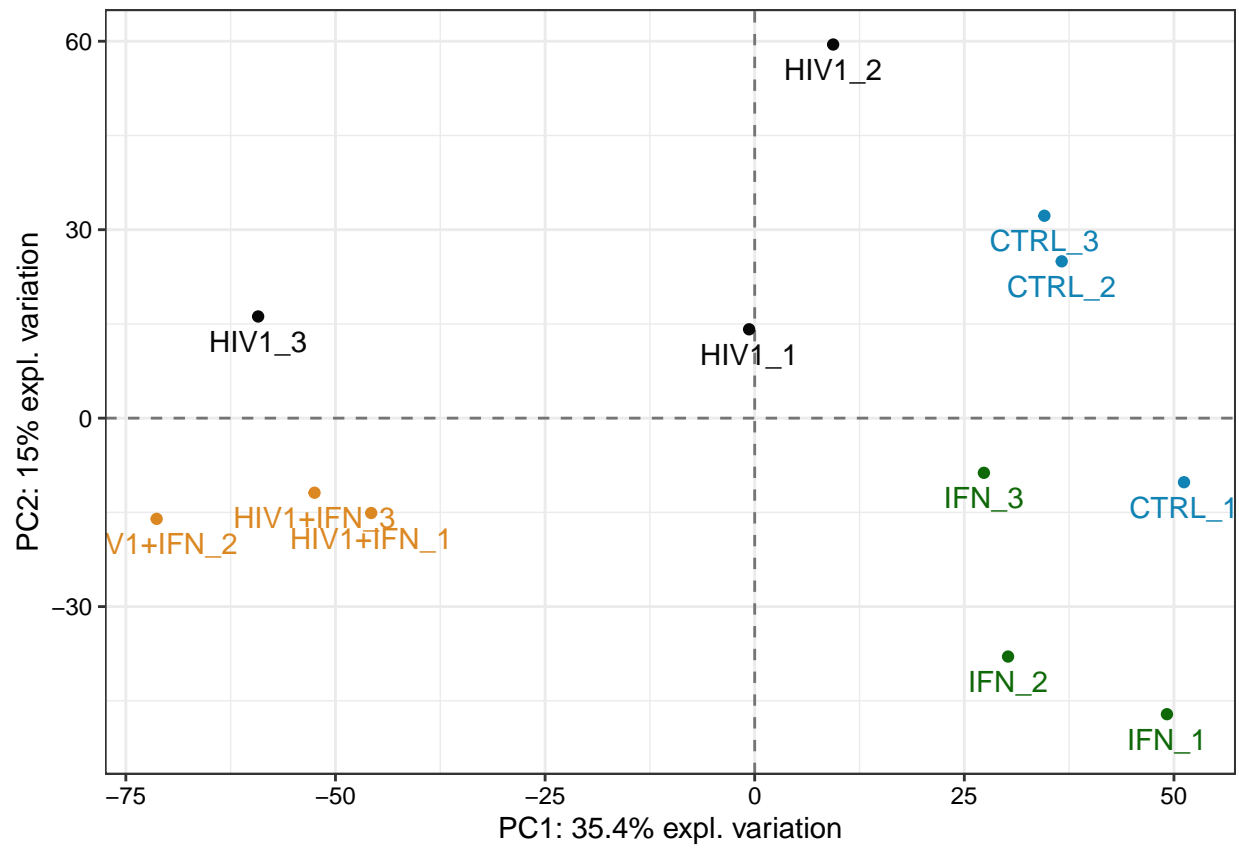

Apr 25 2020

2) Page 4 of the PDF file : BoxPlot before and after normalization.

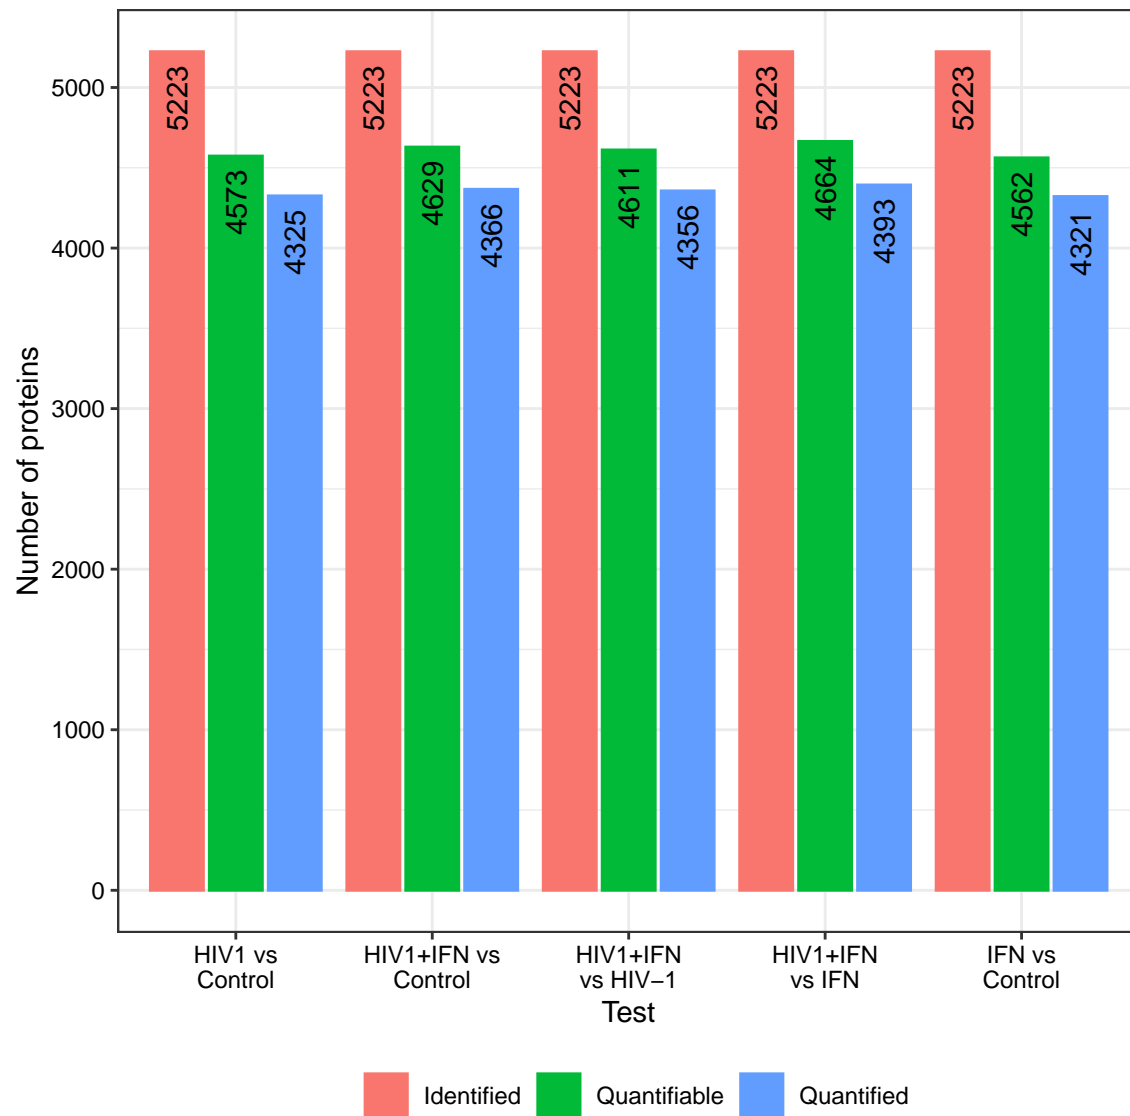

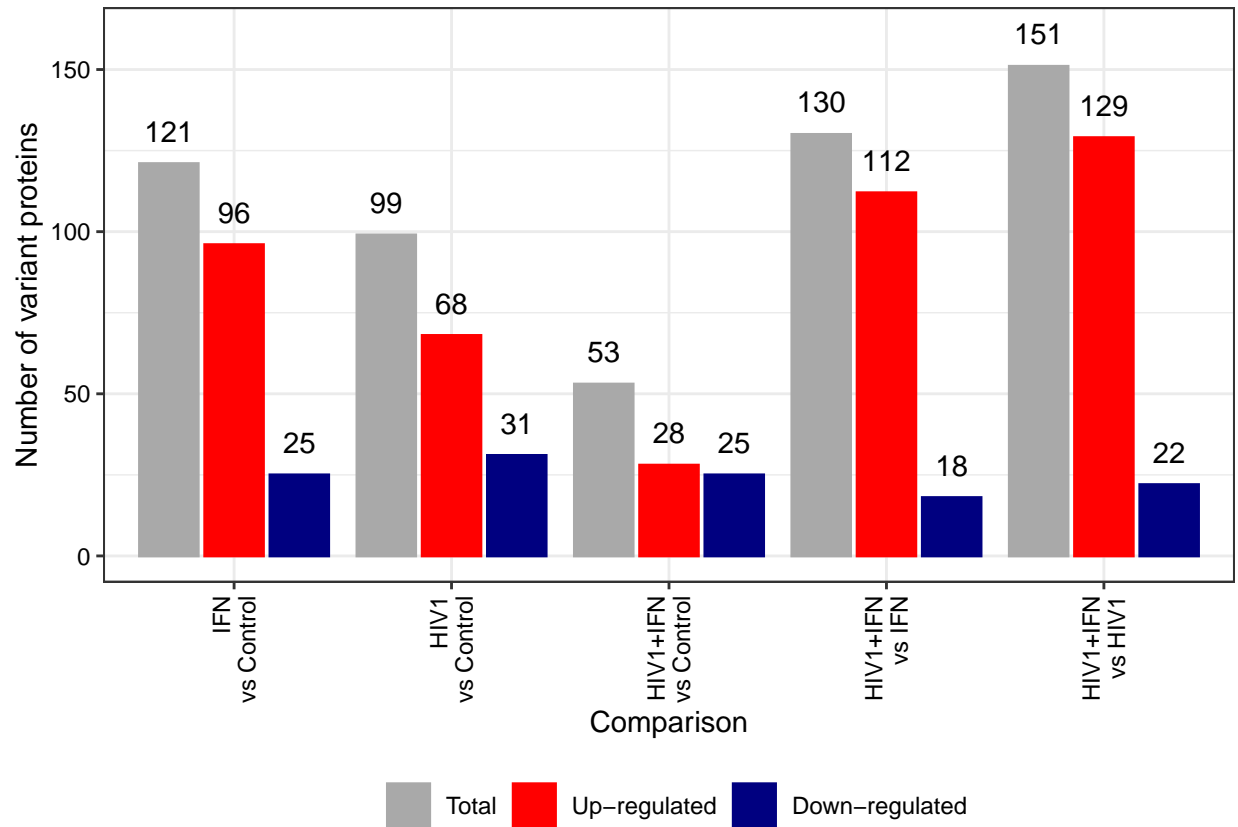

3) PCA analysis

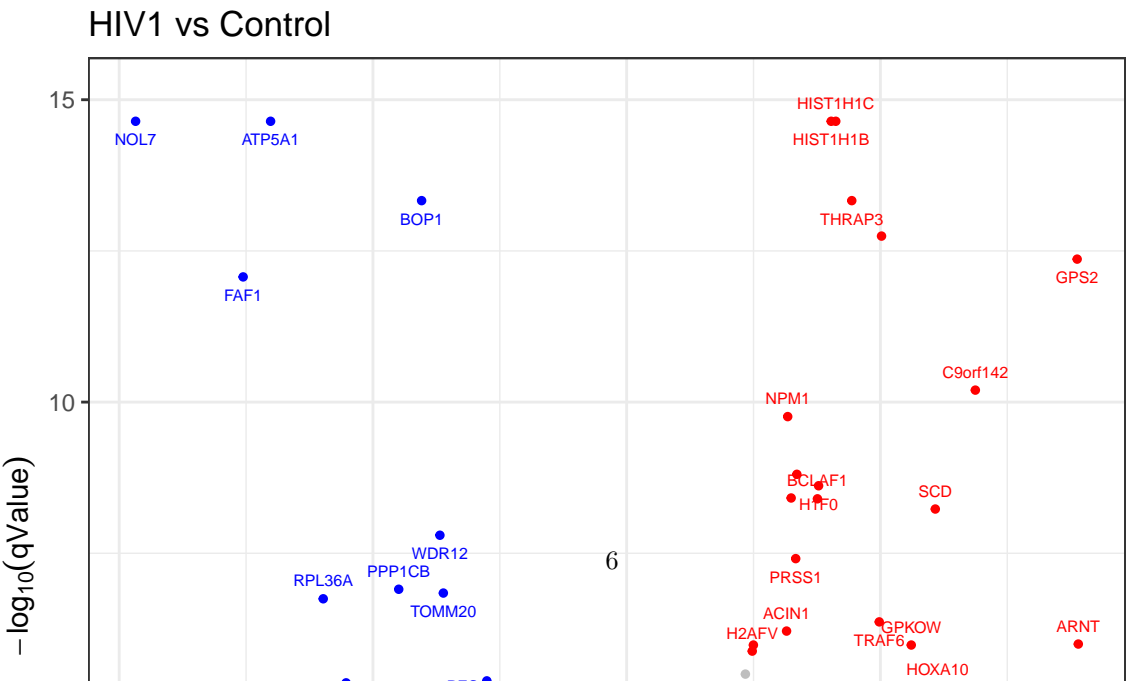

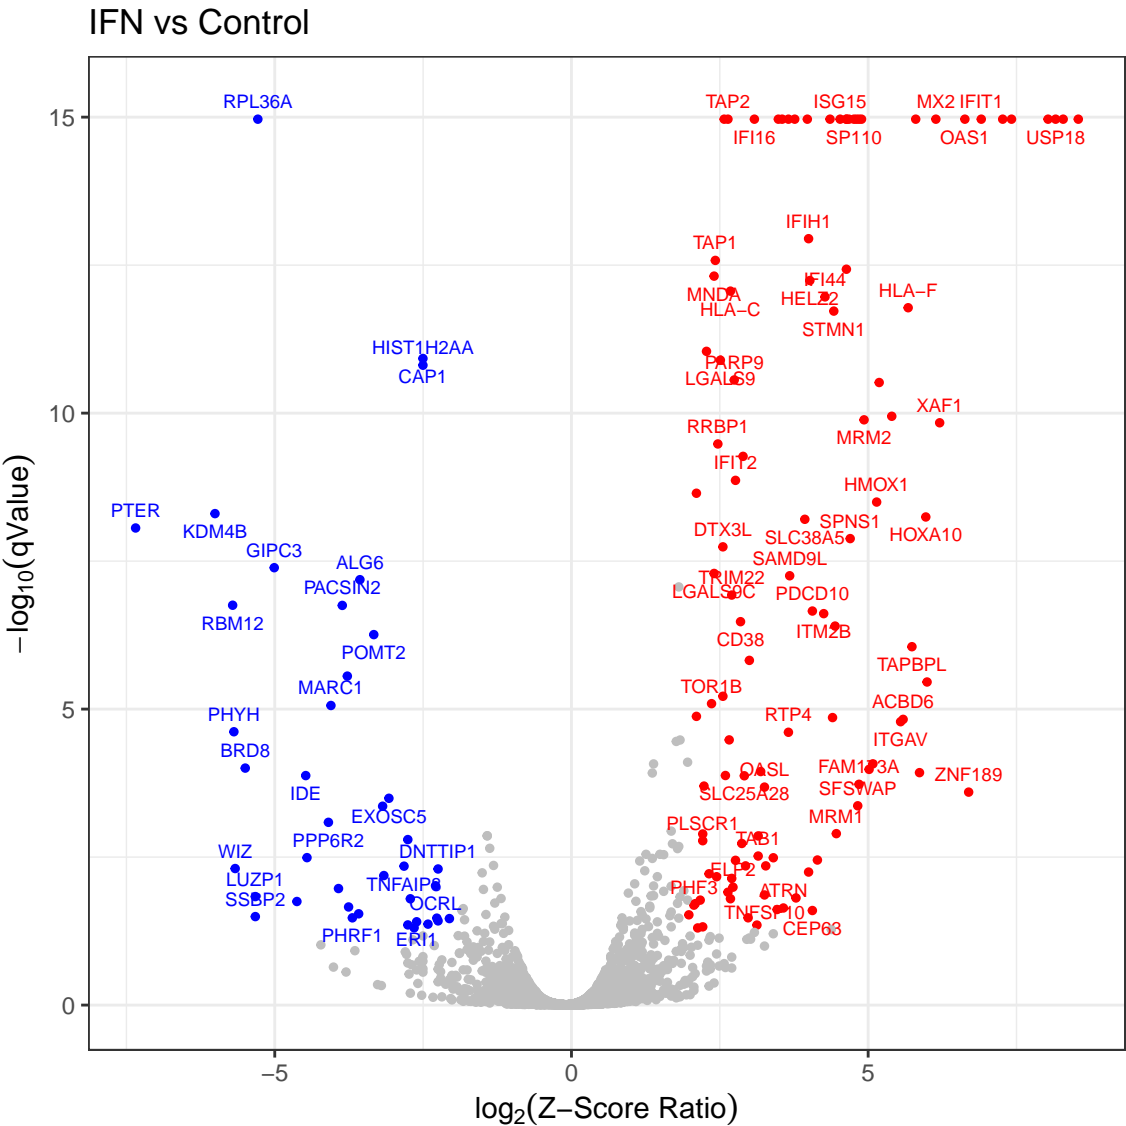

4) Number of quantifications for each comparison

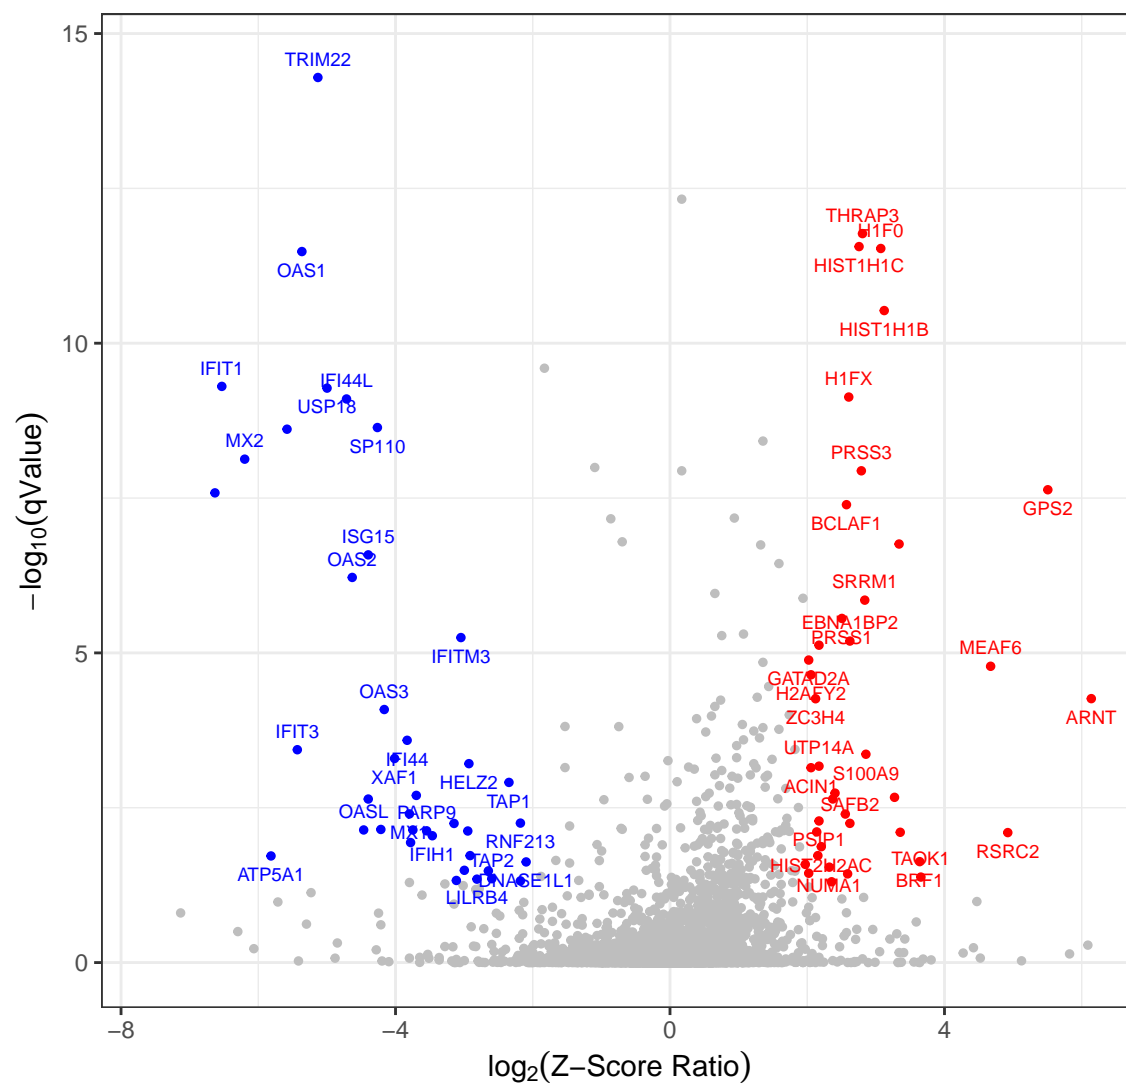

5) Number of variant proteins for each comparison

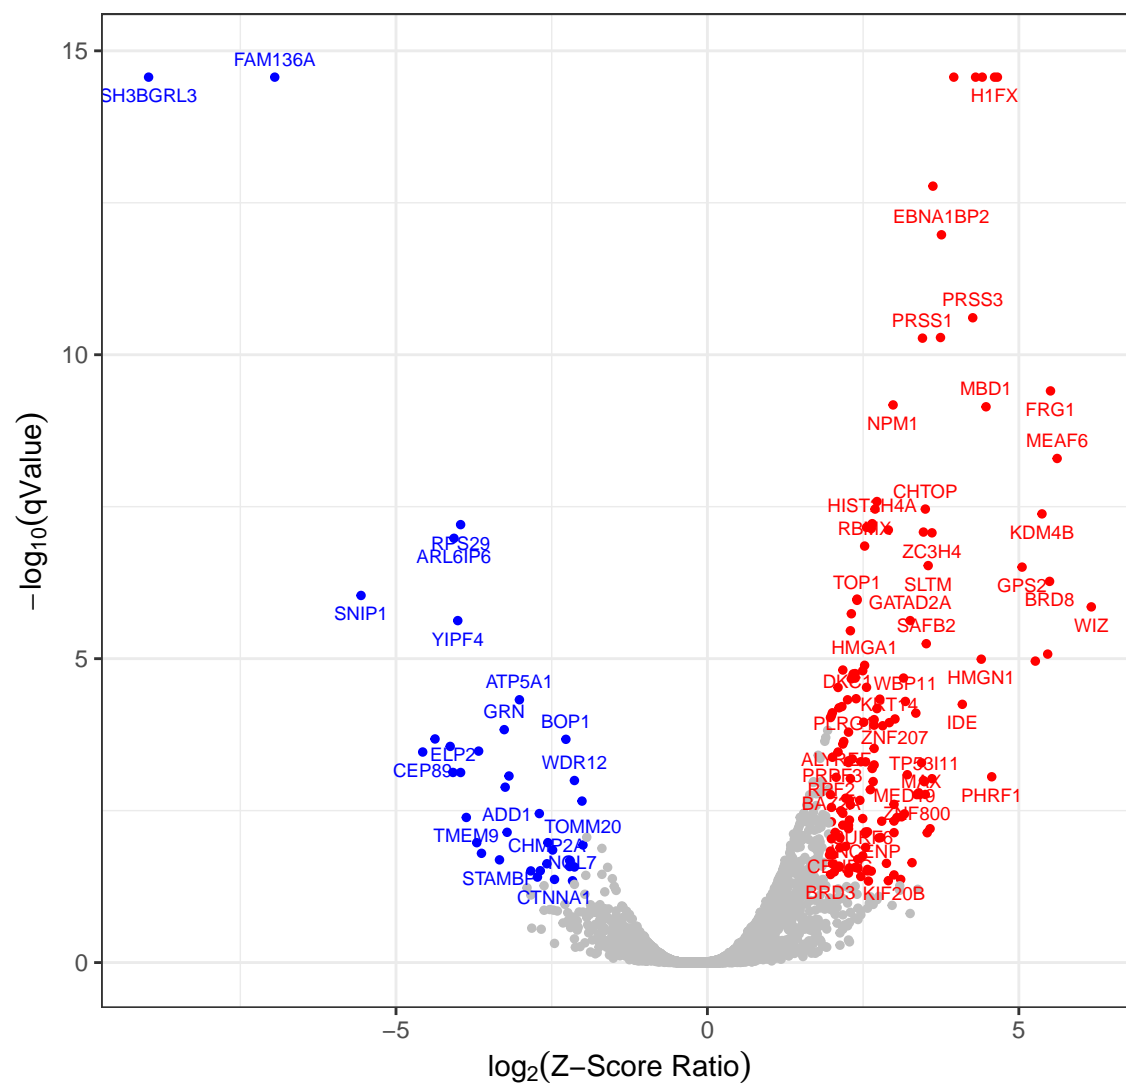

6) Volcano plots

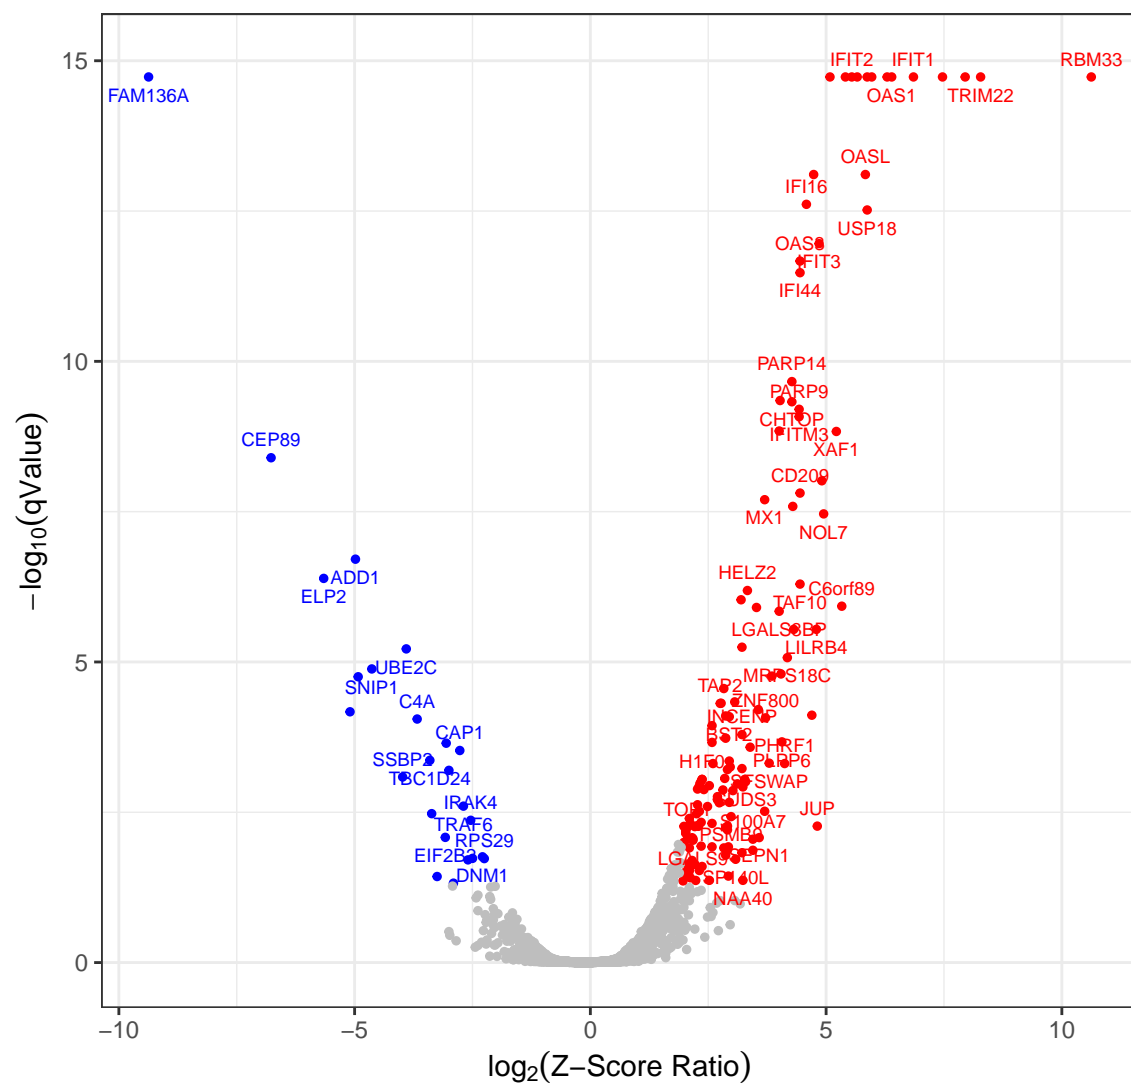

HIV1+IFN vs Control

HIV1+IFN vs HIV1

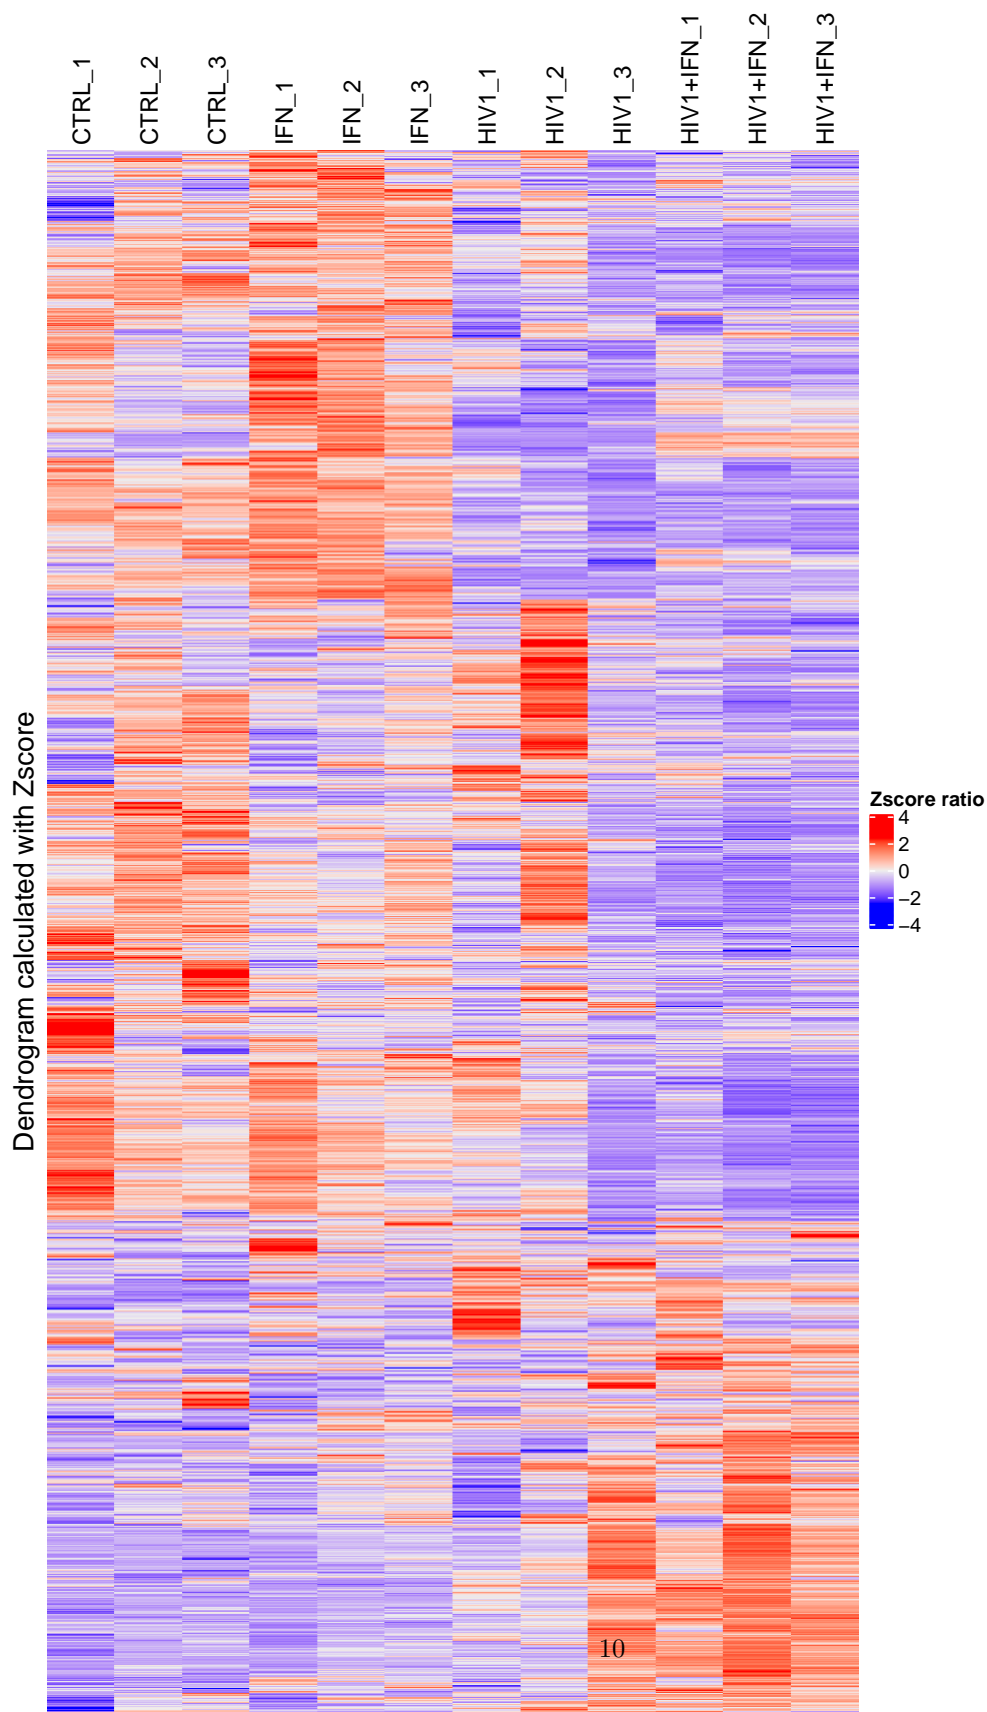

HIV1+IFN vs IFN

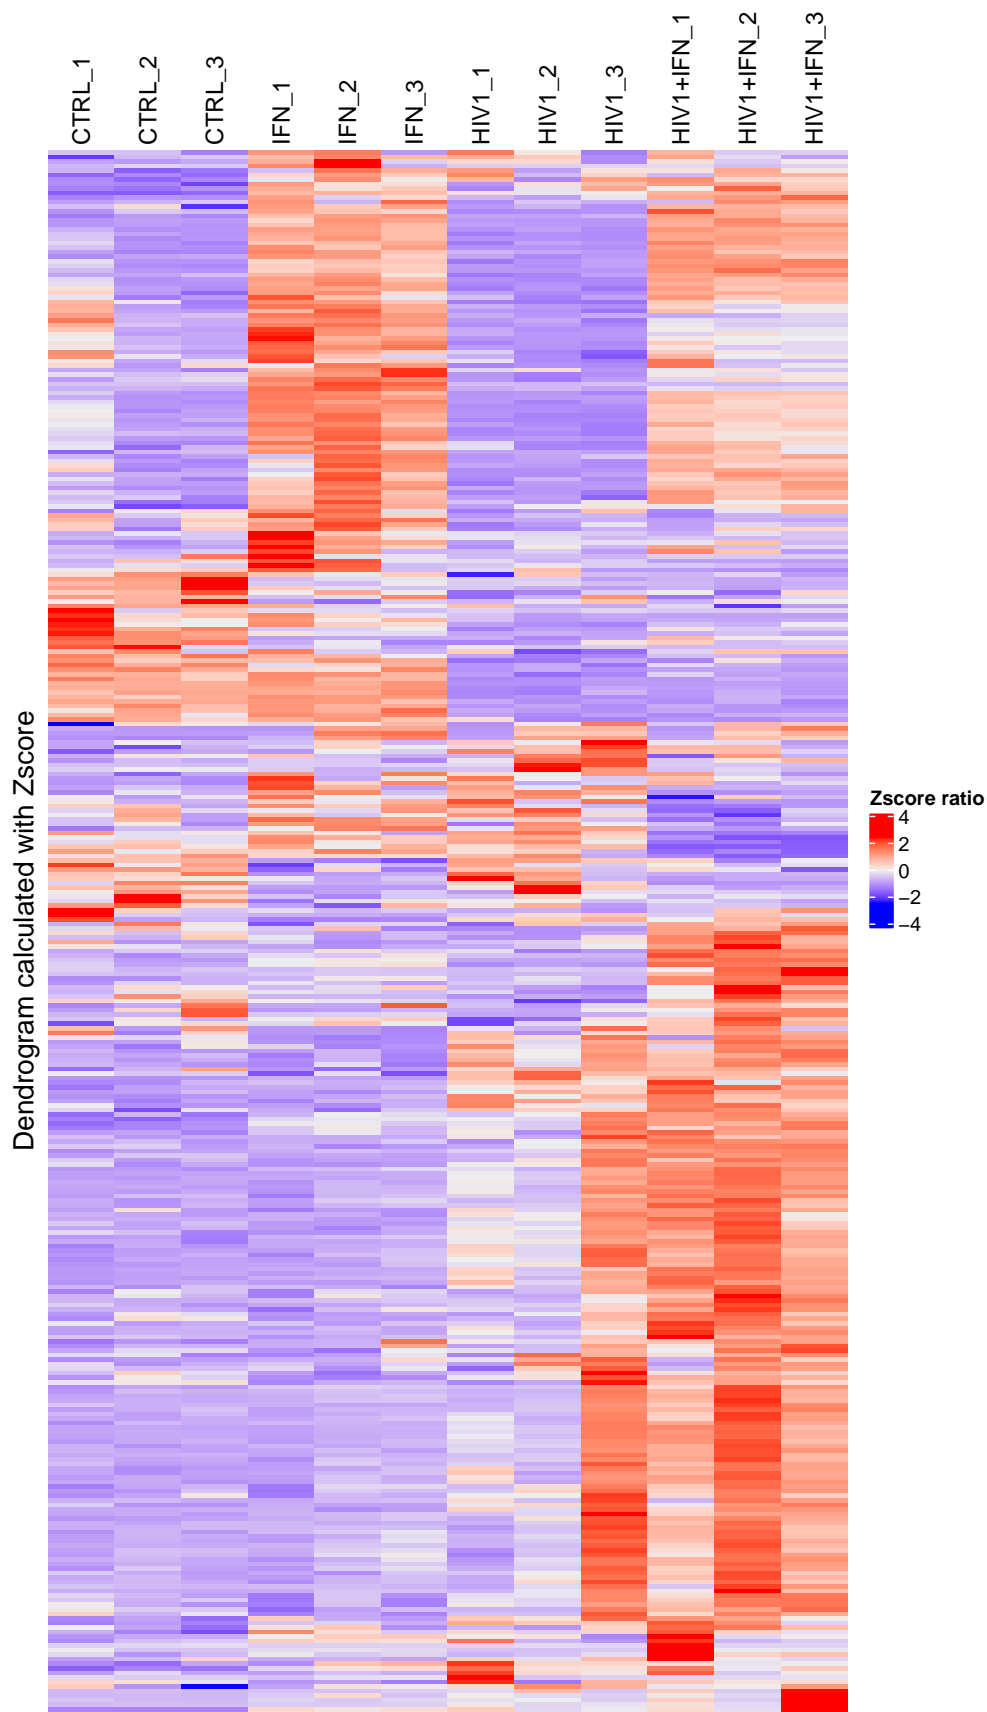

7) Heatmaps

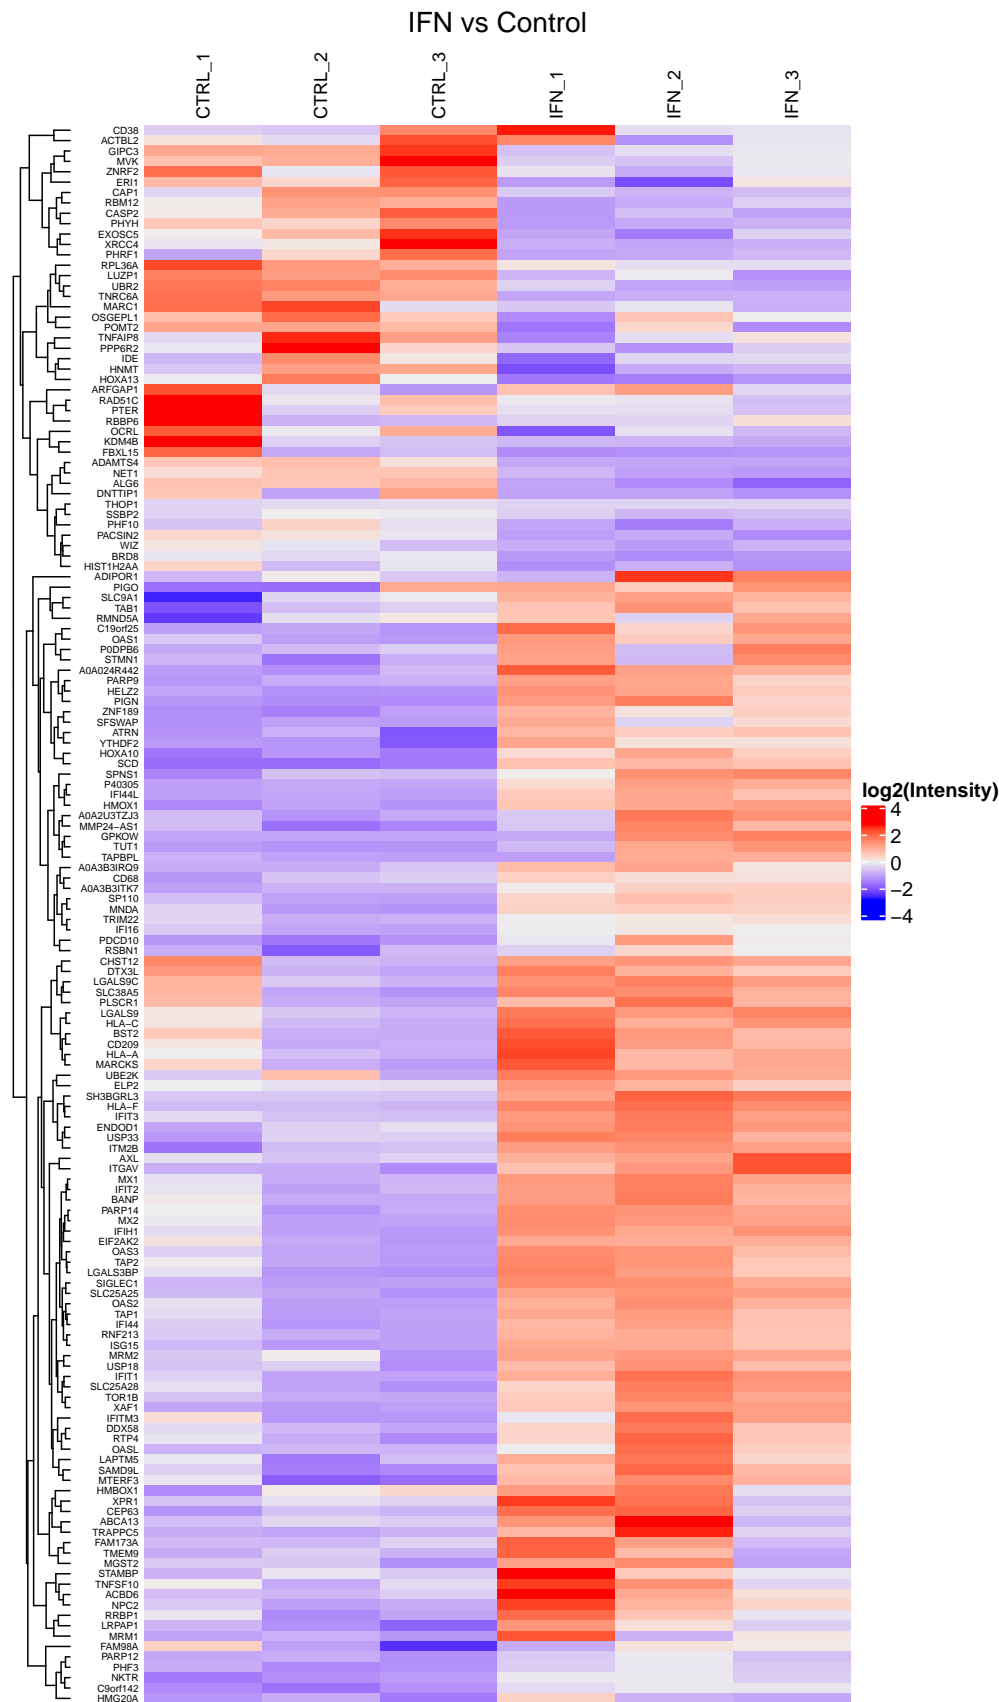

Single heatmap with all proteins (deregulated or not)

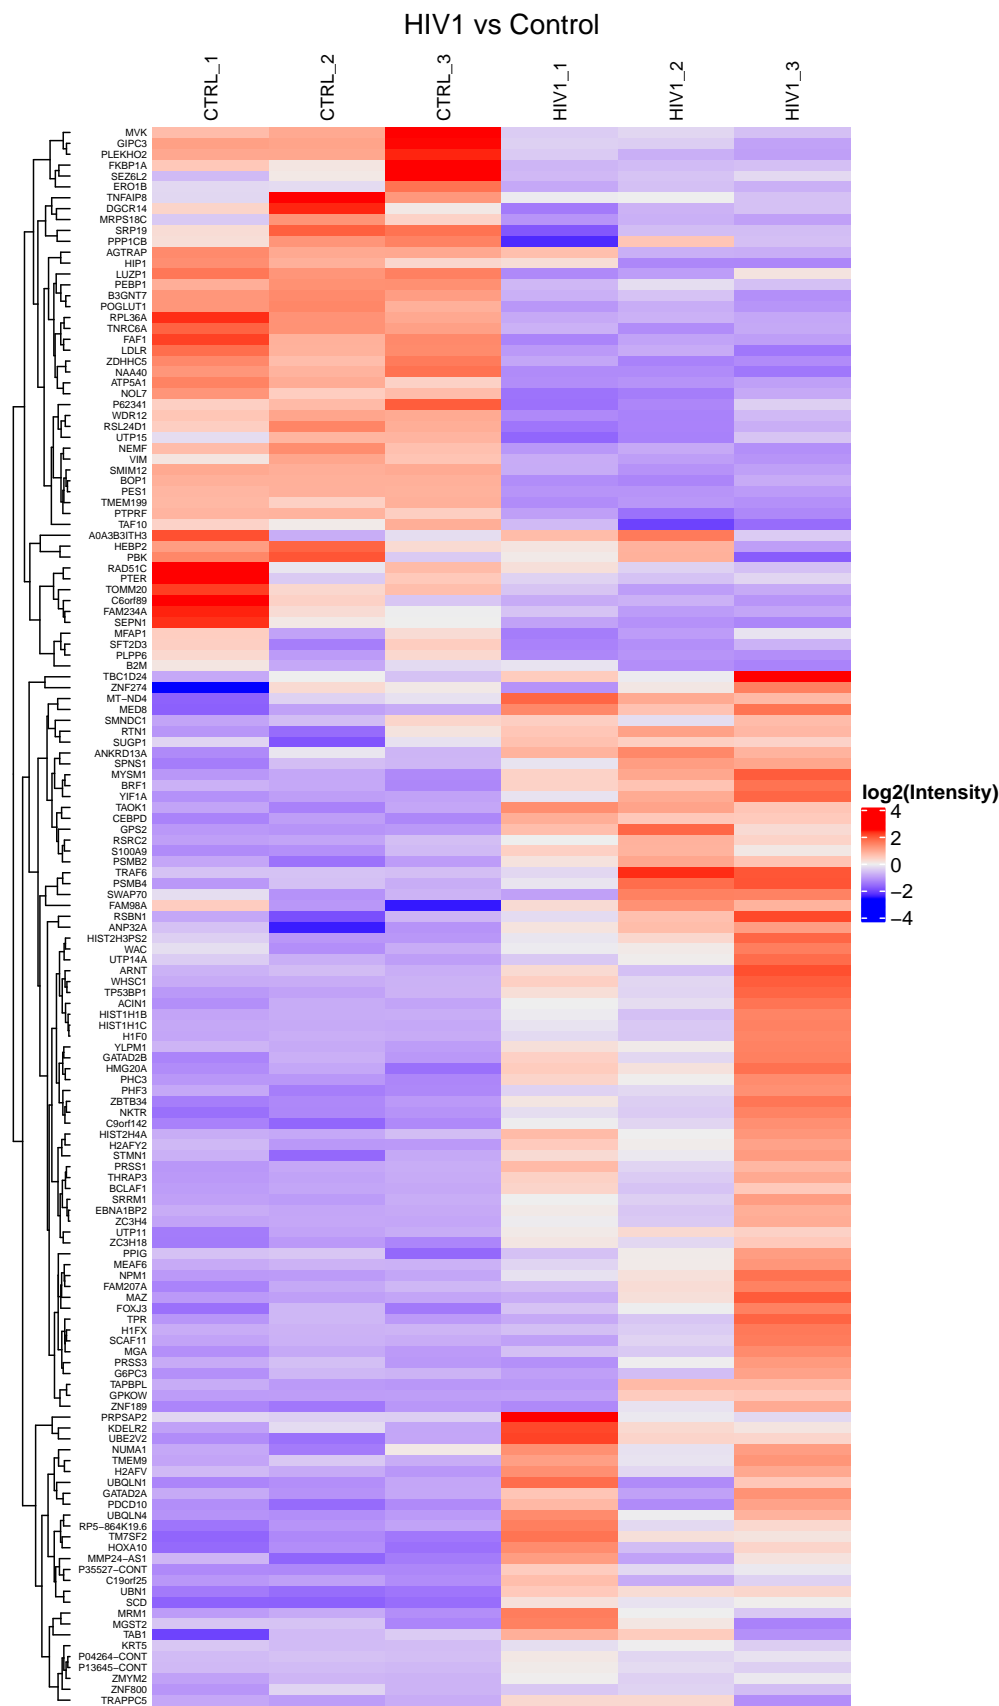

Single heatmap with only deregulated proteins

Heatmap of deregulated proteins in test *IFN* vs *Control*

Heatmap of deregulated proteins in test *HIV-1 vs Control*

10) HIV-1 peptides in the nuclear membrane
